Good morning,

Please note at their meeting on November 5, 2025, Peterborough County Council passed the following resolution

Resolution No. 203-2025

Moved by Deputy Warden Senis

Seconded by Councillor Taylor

Whereas the Province of Ontario designated producers to be responsible to collect recycling in the Province; and

Whereas nonprofit organizations, including our local food banks, have been deemed ineligible for producer blue box collection effective January 1 2026; and

Whereas food insecurity is a local, provincial and federal issue; and

Whereas food banks need to receive grocery items that are delivered in cardboard boxes and cartons which generate copious amounts of recyclable material; and

Whereas food banks are volunteer and donation based with no revenue collected to pay for services such as removal of recyclable materials;

Therefore be it resolved that the Council of the County of Peterborough strongly urges the Province to re-instate the eligibility for curbside blue box collection January 1 2026, for nonprofit organizations, such as food banks; and

That this motion be forwarded to Premier Doug Ford, Minister of the Environment, Conservation and Parks, MPP Dave Smith, MPP Laurie Scott, MPP David Piccini, the City of Peterborough, EOWC, AMO, and all Ontario municipalities for support.

Dear: Honorable Doug Ford,

RE: Municipality of Tweed – Collaborative Action on Sustainable Waste Management in Ontario.

The Council of the Corporation of Tay Valley Township at its meeting held on October 21st, 2025 adopted the following resolution:

RESOLUTION #C-2025-10-22

MOVED BY: Fred Dobbie
SECONDED BY: Marilyn Thomas

“WHEREAS, the Council of the Corporation of Tay Valley Township Support the Municipality of Tweed’s resolution regarding waste incineration and a more Robust Recycling Program;

AND WHEREAS, It is incumbent upon the members of council, MPP's and MPs to make the decisions that will result in the most positive outcomes for now and future generations;

AND WHEREAS, with large urban centres now looking in rural areas of our province and entire country for lands to bury their garbage waste;

AND WHEREAS, a large landfill site owned by a large urban centre which receives 50% of their garbage at the present time is expected to be full by 2029 creating more environmental impacts;

AND WHEREAS, continuing to bury garbage in the ground will result in our future generations having lost potable groundwater as a result of garbage leachate rendering it unusable;

AND WHEREAS, burying garbage, particularly organic waste in landfills, leads to the production of methane a greenhouse gas, which escapes into the atmosphere and contributes to climate change causing more environmental destruction;

AND WHEREAS, we continue to destroy our environment jeopardizing our future generations;

AND WHEREAS, we have worldwide technology that will allow us the use of clean incineration and also produce much needed electric energy;

AND WHEREAS, the incineration of household and other municipal waste has a long tradition in Germany, which currently has 156 municipal thermal waste incineration facilities with an aggregate annual capacity of around 25 million tons;

AND WHEREAS, with a strong focus on community involvement, innovative infrastructure, and sustainable practices, Germany has set a high bar for municipal recycling programs that the rest of the world can learn from and emulate;

AND WHEREAS, at the present time, Germany recycles 66.1% of its garbage waste at a municipal level. This places the country as the most effective and prominent country when it comes to recycling in the entire world. This highlights the citizen's strength and motivation to deal with environmental issues on a daily basis;

AND WHEREAS, German schools often integrate recycling education into their curriculum. This early exposure to the importance of recycling instills a sense of responsibility in the younger generation, creating a culture of sustainability that transcends generations;

BE IT RESOLVED THAT, the Council of Tay Valley Township support the Municipality of Tweed in investigating the possibility of working together with Ontario Municipalities, Provincial and Federal Governments and manufacturing partners to form a working group to ensure that waste disposal issues can be resolved quickly, efficiently and effectively with the use of incineration, more robust recycling programs and sustainable practices, so that future generations will not suffer from our environmental mismanagement;

AND THAT, this support be sent to Premier Ford, Marit Stiles, Leader of the Official Opposition Party, and all Ontario Municipalities."

Dear Prime Minister Carney and Premier Ford:

Re: Removing HST/GST from New Homes to Support Housing Affordability

At its meeting of October 21, 2025, the Council of the Town of Bradford West Gwillimbury adopted the enclosed motion calling on the Governments of Canada and Ontario to remove the federal and provincial portions of the HST from new homes purchased as primary residences.

This measure would extend the relief already provided for purpose-built rental housing to families seeking to buy their first home. It represents a practical, immediate step toward improving affordability and supporting new housing supply.

For an average new home in our community, the 13 percent HST adds tens of thousands of dollars to the purchase price, a burden that directly undermines our shared goal of making homeownership affordable for working families and seniors. Removing that tax would provide meaningful relief.

Bradford West Gwillimbury is one of Ontario's fastest-growing municipalities, investing heavily in growth-related infrastructure while working to keep housing within reach. We urge both levels of government to work together on this change as part of a broader strategy to make homeownership attainable again for young Canadians. Simply put, cutting taxes in this way will help make life more affordable.

We would welcome the opportunity to contribute to any federal-provincial review of housing-related taxation and policy tools that can help deliver more affordable homes.

Sincerely,

Mayor James Leduc

Re: Extended Producer Responsibility for Blue Box Recycling Collection and Impacts to
Small Businesses located in Mixed-Use Properties

Dear Minister McCarthy,

Please be advised that at its meeting held on October 6, 2025, the Council of the Town of
Whitby adopted the following as Resolution # 191-25:

Whereas in 2016 the Waste-Free Ontario Act was enacted, which also enacted the
Resource Recovery and Circular Economy Act (RRCEA) and the Waste Diversion
Transition Act; and,

Whereas the RRCEA and its associated regulations focus on strengthening Extended
Producer Responsibility for materials like used tires and blue box recycling; and,

Whereas on November 23, 2020, Town Staff submitted comments to the Environmental
Registry of Ontario on the proposed blue box regulation, which highlighted concerns
about the lack of a requirement for blue box recycling collection for certain “non-eligible”
sources like small businesses located in mixed-use properties which are prevalent in
Business Improvement Areas; and,

Whereas in the Town of Whitby there are approximately 200 small businesses in mixed-
use properties who currently receive blue box collection and are impacted by the blue
box regulation and will potentially lose blue box collection services; and,

Whereas in June 2021 the Province of Ontario released Blue Box Regulation O. Reg.
391/21, under the RRCEA which transitions the financial and operational responsibility of
recycling from municipalities to the producers of packaging and paper products; and,

Whereas Circular Materials Ontario (CM) was named the Producer Responsibility
Organization taking on all blue box recycling responsibilities in Ontario over a three-year
transition period; and,

Whereas the Region of Durham has indicated that the estimated costs to continue to
provide blue box recycling for small businesses after the 2026 transition date to CM was
exorbitant and no longer a core responsibility of the Region pursuant to Provincial
legislation; and,

Whereas on July 1, 2024, the Town of Whitby and all local area municipalities in Durham Region transitioned from the Regional blue box program to the CM blue box program; and,

Whereas the Region of Durham and CM negotiated a temporary agreement to continue providing blue box collection services to small businesses in mixed-use properties during the blue box transition period from June 30, 2024 to December 31, 2025, however, CM will not service these small businesses or any non-residential properties effective January 1, 2026, as they are not included as “eligible sources” under Blue Box Regulation 391/21; and,

Whereas on October 17, 2024, Mayor Roy sent a letter to the Honourable Andrea Khanjin, who was at that time the Minister of Environment, Conservation and Parks, advocating for changes to the blue box regulation as it related to blue box collection for small businesses; and,

Whereas on June 4, 2025, the Ministry of Environment, Conservation and Parks proposed amendments to the RRCEA through the Environmental Registry of Ontario and staff comments were submitted jointly to the Municipal Waste Association and Regional Public Works Commissioners of Ontario on June 13, 2025 highlighting concerns with the blue box regulation and impacts to small businesses located in mixed-use properties; and,

Whereas on August 15, 2025, CM hosted a municipal engagement session with members of a Municipal Working Group, reviewing a proposal for blue box recycling for non-eligible sources; and,

Whereas it is not clear how the recycling collector will differentiate commercial recycling from residential recycling at mixed-residential locations as they are typically set out together; and,

Whereas the proposal submitted by CM must be agreed to by all three Producer Organizations before it will be considered by the Ministry of Environment, Conservation and Parks; and,

Whereas on October 1, 2025, all three Producer Organizations, which includes CM, Ryse Solutions, and Landbell Canada, provided a letter to Mayor Roy outlining their decision to not proceed with blue box collections for small IC&I locations, citing, “system capacity limitations, current regulatory obligations, and time constraints that make it impractical for CCS to provide (blue box) collections from IC&I locations”; and,

Whereas on October 1, 2025, the Honourable Todd McCarthy, Minister of the Environment, Conservation, and Parks provided a letter to the Town of Whitby advising that the Producers will not voluntarily continue to offer blue box services to municipalities for small business locations.

Now therefore, be it resolved:

1. That the Council of the Town of Whitby requests that the Ministry of Environment, Conservation and Parks amend Blue Box Regulation 391/21 to require Producers to provide blue box collection services to businesses located in mixed-use properties;

and,

2. That the Mayor be requested to author a letter to the Minister of Environment, Conservation and Parks advocating for changes to Blue Box Regulation 391/21, and that a copy of this letter be forwarded to all Ontario Municipalities, Ontario Big City Mayors (OBCM), the Association of Municipalities of Ontario (AMO), and the Ontario Business Improvement Area Association (OBIAA).

Dear Hon. Paul Calandra,

Please be advised that at the Regular Council Meeting on November 5th, 2025, Council for the Corporation of the Township of Brudenell, Lyndoch and Raglan passed the following resolution, supporting the resolution from the City of Dryden.

Resolution No: 2025-11-05-07
Moved by: Councillor Quade
Seconded by: Councillor Banks

"Be It resolved that the Council for the Corporation of the Township of Brudenell, Lyndoch and Raglan support the City of Dryden's resolution requesting to incorporate mandatory water safety and Survive-to-Swim training into elementary curriculum for all Ontario students.

And further that this resolution be forwarded to The Honourable Minister of Education of Ontario, local Members of Provincial Parliament, the Association of Municipalities of Ontario and all Ontario municipalities, with a request for their endorsement."

THE CORPORATION OF THE CITY OF DRYDEN

MOVED BY: Price

DATE: 22-Sep-25

SECONDED BY: Klewning

RESOLUTION NO.: 14

Whereas drowning is one of the leading causes of preventable deaths among children in Ontario and research by the Lifesaving Society of Ontario shows that most children who drown never intended to be in the water; and

Whereas evidence demonstrates that even basic swimming and water survival skills significantly reduce the risk of drowning; and

Whereas many children in Ontario do not have equitable access to swimming lessons outside of school due to financial, cultural or geographic barriers; and

Whereas several municipalities across Ontario have expressed strong interest in improving water safety education for children; and

Whereas the Ministry of Education has the authority to incorporate water safety and survival training into the regular elementary school curriculum as a universal, life-saving skill comparable to fire safety and road safety instruction;

Therefore, be it resolved that the Council of The Corporation of The City of Dryden respectfully urges the Government of Ontario, through the Ministry of Education, to incorporate mandatory water safety and Swim-to-Survive training into the elementary school curriculum for all Ontario students; and

Be it further resolved that a copy of this resolution be forwarded to The Honourable Minister of Education of Ontario, local Members of Provincial Parliament, the Association of Municipalities of Ontario and all Ontario municipalities, with a request for their endorsement.
